✓ Sambodhi Research and Communications Pvt. Ltd.

PROJECT-2

PROJECT DETAILS

Website Development and Graphics

Description

Natkhat Shala is a dedicated platform designed to provide speech therapy and occupational therapy for children. Our website offers a compassionate and supportive environment for kids, where they can access expert guidance and support for speech and developmental challenges. With a team of experienced therapists, Natkhat Shala is committed to helping children reach their full potential and lead more fulfilling lives.

EXTRA-CURRICULAR ACTIVITES

✓ Active participation in School and college Cultural activities
✓ Participated in Company's functions.

Technology

➢ **Web Design:**

- **HTML (Hypertext Markup Language):** I utilize HTML to structure the content of webpages, ensuring a well-organized and user-friendly layout.

- **CSS (Cascading Style Sheets):** CSS is employed for styling, making our website visually appealing, and maintaining a consistent design across the site.

- **JavaScript:** This scripting language is integrated to enhance interactivity, enabling dynamic features and a seamless user experience.

➢ **Graphic Development:**

- **Adobe Photoshop:** I use Photoshop for creating and editing images, ensuring visually appealing and engaging content for therapy materials.

- **CorelDRAW and Illustrator:** These tools are essential for crafting vector graphics such as business cards, flyers, posters, and banners, enhancing the overall visual experience of therapeutic resources.

By leveraging these technologies, Natkhat Shala Therapy Center aims to deliver a visually engaging and interactive online platform that provides effective therapy and support for children.

Responsibilities
✓ Design Logo
✓ Designing Images for Print and Digital Media.
✓ Uploading Content and images on these Pages.
✓ Managing Webpages of Website.
✓ Part of whole development process of this project.
